January Specials—Angel Messages and Gifts

Healing With Archangel Raphael

Do your new year resolutions include feeling better or a goal about your health? You will want the help of Archangel Raphael, Heaven's physician. His name means "God heals." He is the archangel in charge of health and healing, of both mental and physical challenges, in humans as well as animals. This archangel works with healers of all kinds and also helps travelers.

Raphael's color is emerald green and his crystals are emeralds and malachite.

Call on Raphael to help you or a loved one with anything that needs healed. As all the archangels, Raphael is non-judgmental and is an avid supporter of your peace of mind and well being. He is happy to help you with every detail of caring for yourself including food selection, cutting cords to draining addictions, developing self-care rituals, sleeping well, and finding the best caregivers.

Archangel Raphael can be the coach you need to follow your guidance on feeling good in your body. If you are setting goals for yourself, Raphael asks that you focus on how you want to feel, not on a number on a tag in a pair of pants or a

number on a scale. Raphael says the mind-body-spirit connection in healing is key. Many humans affirm constantly that they are ill, tired, dying and despise their bodies for being the wrong shape or size. These actions and beliefs block well being and physical joy. Our bodies thrive when fed love and the right nutrients. Affirm that you love your body and take action steps to support those affirmations.

Archangel Raphael is a miraculous healer and is easy to work with; your willingness and openness are his only requirements. He is waiting for your invitation to be your soul's physician.

Angel Messages By Numbers

Do you ever notice certain reoccurring numbers or patterns of numbers such as 5:55 on a clock, or 1111 on street addresses? Numerology is an ancient study and is alive and well in 2014.

Repetitive numbers are just one of the ways the angels and other divine helpers send messages. Once you become aware of consistent numbers, you'll be amazed how quickly they begin to appear in all kinds of places.

Look for Dr. Doreen Virtue's book "Angel Numbers" for help in translating the numbers into messages from your angels.

Would you like to learn more about angel communication? Kelly will be teaching classes in 2014 to help you connect with your angels and to understand their messages. Be sure to email your name to info@angelreadingsbykelly.com to sign up for workshop alerts and special discounts.
