Archangel Uriel—Divinely Inspiring!

Looking for a little guidance and inspiration as you navigate your path? Meet Uriel, one of the wisest archangels. Uriel sheds light on situations and is the archangel of divine inspiration and ideas. His name means “God is light,” “fire of God” or “God’s Light.”

Uriel’s color is golden yellow like the glow of a flame. His crystal is amber.

Uriel’s other specialties include alchemy and divine magic, prophetic information and warnings. He helps with natural disasters and earth changes. He is known for warning Noah and guiding him along his path. Uriel has an affinity with weather elements of lightning and thunder.

As one of the archangels of intellect and the mind, Archangel Uriel is an excellent problem solver and assists students with their studies and tests.

Archangel Uriel asks us to call upon him for help solving any problem, for inspiration, ideas and enlightenment. He can help you be open to new ideas, to help you focus and to take all the action steps needed. Once you ask Uriel for help, be ready for inspiration to arrive in all sorts of ways. It may be an idea out of the blue or you may just have a knowingness. You may get vital information through an overheard conversation, or just happen upon an interesting news story or article to inspire you in just the right direction. It’s amazing what happens when we ask Uriel to show us the way!

Getting an Email From Your Angels

If you have had an angel reading, you know just how much information there is to process and remember. When you receive an angel email reading, not only will you receive a channeled message from the angels, but it will be in a format that you can refer to again and again.

Here’s how it works. First, determine the length of the reading, how you would like to receive your angels’ messages and arrange for payment. Next, email your questions or the issues with which you would like the angels’ help with to “Info@AngelReadingsByKelly.com.” Please be sure to put “Questions for my angels” in the email subject line. Don’t have specific questions? No worries as your divine helpers have things they want you to know.

The angels’ response can come to you through a channeled email message, or you can receive a sound recording of Kelly delivering the angels’ messages to you. The sound recording can be downloaded to your computer using the internet or for \$8.00 you can have a CD mailed to you.

Visit www.AngelReadingsByKelly.com to schedule your angel email reading, and be sure to take advantage of this month’s special.

Birthday Messages From Your Angels
