Finding Divine Magic With Archangel Raziel

Archangel Raziel is said to be so close to our Creator that he knows the secrets of the universe. His name means “secrets of God.” This archangel is known for the “Book of Raziel,” a highly esoteric work, and appears in many religious texts.

As keeper of the truths of the universe, this angel can help you decipher higher-knowledge, spiritual truths, your dreams and manifesting. He is also the master of alchemy and clairvoyance (clear seeing).

Every color in the rainbow makes up Raziel’s color, and his associated crystal is clear quartz (the crystal for clairvoyance).

Raziel helps with energy functions (including sleep) and can energize your chakras (energy centers). If you do

energy work for yourself or others, invite Raziel to work alongside you. Imagine his rainbow stripes moving through the physical body and focusing it in like a laser on any areas of weakness or discomfort.

Raziel can also help us understand the mysteries and lessons of our past lifetimes. He is happy to help us move past and remove any obstacles or lack of knowledge that may be blocking us in this lifetime.

While Raziel’s energy is subtle, he is a powerful healer as all the archangels are. As with all the archangels, he is safe to connect with and work with as you expand your understanding and deepen your connection with your Creator and your soul.

Soul Reviews With Archangel Raziel

Are you interested in knowing how your past lives are affecting this lifetime? Archangel Raziel is the archangel who helps us understand and heal our dreams and our past lifetimes. He explains that our “curriculum” for one lifetime may “bleed” into others when we don’t fully work through our lessons in Earth School.

Raziel says we often take vows in lifetimes that we outgrow or didn’t need to take on in the first place. Vows of poverty, denial and self-punishment can wreck havoc in our current lifetime.

Working with Archangel Raziel, Kelly now offers a Soul Review reading where Raziel identifies the issues which need to be healed and released, as well as cut the ties of destructive patterns from your previous lifetimes. He cautions these sessions may be emotionally intense, and it is important that you check with your angels and God about your willingness to be open to releasing these blocks. As always, your free will is respected by beings of light and love.

Raziel’s session can be done remotely or in person. Session length range from 45 minutes to one hour for a flat rate of \$100. You may have your session with Raziel recorded at no cost. If you’d like to have your recording transferred to CD and mailed to you, the cost is \$108.

Free yourself of old soul lessons learned with the loving help of Archangel Raziel and your own angels. Call 303-330-0565 or email info@angelreadingsbykelly.com to schedule your soul review.
