April Specials—Angel Messages and Gifts

Get to Know an Archangel

With Earth Day approaching on April 22, it is a perfect time to get acquainted with Archangel Ariel. Ariel's name means "Lioness of God" and like a mother lion, she is protective and gives courage, strength and confidence. Her color is pale pink.

This archangel is responsible for our planet and our earthly needs. She also oversees the elemental kingdom and is the archangel you want if you have an animal with an issue.

Call on Archangel Ariel when you need help meeting your earthly needs. She reminds us that to attract prosperity we need to have thoughts that support our abundance—not thoughts of lack or poverty as those beliefs will only bring those experiences to you.

Archangel Ariel encourages us all to treasure and honor Mother Earth. She says being outdoors in nature is essential for many of us. We need to connect with nature and enjoy its healing elements. We can expect renewed energy, peace of mind and a sense of being one with nature.

Your Thoughts—Friends or Foes?

We get what we think about—like it or not. Replace old negative affirmations with empowering uplifting affirmations. A good place to start is to write down your negative affirmation (i.e., I will always be alone). Then write a counter-affirmation. Examples: My social network is constantly increasing. I attract positive loving people into my life. I am loving and loveable. I am always surrounded by love.

Not a believer? Archangel Michael suggests saying each affirmation (negative and positive) out loud while holding your arm out. Ask someone to press your arm when you say each affirmation. You'll find your arm is weak when saying the negative; and strong when you say the positive. This exercise physically demonstrates how thoughts affect our physical bodies.

Re-training our thinking is the fastest and easiest way to change our lives and experiences. Once you find your positive affirmations, say them regularly, sing them, write them and make them into beautiful signs. You will be amazed by the results!
