March Specials—Angel Messages and Gifts

Angel Communication 101 Workshop Coming This Spring

Do you want to learn how to communicate with your divine helpers? The angels say we all come to earth with a “built-in phone line to Home.” For many, we lose our memory of how to call home, or we become fearful about communicating with the divine. We can unconsciously block the very messages and guidance we so desire.

This workshop is designed by the angels to help you remove obstacles in receiving clear communication from your heavenly loved ones. We’ll first identify your spiritual team and learn the many ways they send messages. You’ll discover techniques to enhance your own spiritual communication channels and manage interference so you can enjoy clear and loving guidance for yourself and others.

Contact Kelly to make sure you are on the workshop list.

Get to Know an Archangel

The archangels are powerful divine beings, each with a specialty. They oversee our Guardian Angels and are available to help us as well. This month meet Heaven’s Physician Archangel Raphael. He is the archangel in charge of health and healing, both mental and physical. His name means “God heals.”

Raphael can help you find the best healthcare provider, accompany you to the doctor and work in partnership with all your caregivers. He also helps our animal companions and works with healers.

Raphael’s color is emerald green and encourages those in need of healing to imagine his green light infusing every cell of their body or effected area. As with all the angels, they cannot intervene without our permission. You can silently call upon Archangel Raphael whenever you need healing. He tells Kelly that there are no copays or insurance worries when he works with us, he gladly assists those who call upon him at no charge. Being open to guidance with a heartfelt “thank you” are all the payment he asks.
