October Specials—Angel Messages and Gifts

Stop and Smell the Roses With Archangel Jophiel

Who doesn't want more beauty in their lives? This month we meet Archangel Jophiel, the archangel of art and beauty. Her name means "beauty of God." She works with artists, creators of beauty and all appreciators of beauty.

Jophiel's color is a deep rose pink and her associated crystals are dark pink such as pink rubellite.

She is known as the feng shui angel who often wants to help us remove the clutter from our lives. Invite Jophiel into your home to help you redecorate, do a spring cleaning or to change the energy in your space. She says that as we rid ourselves of the old, we make way for the new. By clearing your physical space, you are telling the universe you have room and you are open to receiving.

Recorded Readings

If you've had a reading, you know just how overwhelming all your angels' messages can be. With so much information, it's easy to forget important nuggets. Angel Readings By Kelly now has the solution—recorded readings.

Starting this month, when you have a phone or in-person reading with Kelly, you have the option of having the session recorded. The file can be downloaded from a private, secure online location, or, for a small fee, you can receive a recording of your reading on CD by mail.

With a recording of your angels' messages, you'll have a lasting record of your readings. Be sure to arrange for a sound recording the next time you schedule a reading with Kelly. With the fabulous October special, now is a great time to schedule your reading.

Archangel Jophiel reminds us that our thoughts are critical in what we choose to experience. She can help you beautify your thoughts so you can attract positive experiences. All of the angels are consistent with the message that we get what we focus on, so keep it positive and uplifting.

Rather than starting your day with a cup of coffee, make Jophiel part of your morning routine. Before you get out of bed, call on Jophiel to help you experience beauty today and to help keep your thoughts bright and positive all day long. Pay extra attention to any signs of Jophiel's presence—you may notice objects of beauty and you'll feel a lift in your general outlook. By focusing on beauty, you'll raise your personal vibration and be a magnet for positive energy and light.

Mountain Menagerie Hiatus

For those of you who enjoy in-person readings from Kelly at Mountain Menagerie, please be aware that Kelly is currently on a hiatus from the store. If you are in the northern central part of Ohio, Kelly can give you an in-person reading or perform a space clearing. Remote readings are still available with different payment options. Stay tuned for more details about the length of the hiatus.
