March Specials—Angel Messages and Gifts

Manage Your Memories With Archangel Zadkiel

What memories are influencing you today? Our minds are one of our greatest tools for managing and learning our lessons in Earth School.

Archangel Zadkiel is one of two healing archangels who help with intellectual matters. His name means "righteousness of God" for his abilities to help with forgiveness and compassion for others, as well as ourselves.

Zadkiel's color is deep indigo blue, and his associated crystal is the mineral lapis lazuli. Gemini is the astrological sign connected to Zadkiel.

This angel works with students and anyone interested in learning and remembering. He can help painful memories fade while allowing their beneficial lessons to rise to the surface of awareness.

Zadkiel wants to help us remember important details; he is a master of helping us focus and recognize what is truly important. Distractions be gone!

Begin your day by spending a few minutes working with Archangel Zadkiel to sharpen your memory and help you stay focused on the tasks for the day. Ask him to remove all distractions and obstacles and replace them with focus, clarity and all the tools you need to easily and comfortably accomplish your goals.

Ask your angels to work with Archangel Zadkiel in guiding you to the daily practices, foods and beverages that support your intellectual function for clarity, balance and optimum health.

Archangel Zadkiel is a motivating, wise and compassionate teacher no matter what lesson you are mastering in Earth School. Remember to call on him for clear intellectual function and easier learning.
