April Specials—Angel Messages and Gifts

Spring Cleaning With Archangel Jophiel

Spring is the perfect time to not only clear your physical space but for inner cleaning as well. Untrue self-defeating beliefs, outgrown coping strategies, resentments and old excuses are prime candidates for the recycle bin as you create your intentions for peace, clarity and wellbeing. Archangel Jophiel, the angel of beauty, can be your coach in releasing the old and replacing it with new loving and supportive ways of living.

Known as the archangel of art and beauty, Jophiel's name means "beauty of God." She works with artists and creators of beauty, as well as all the appreciators of beauty.

Jophiel's color is a deep rose pink, and her associated crystals are rubellite or deep pink tourmaline. She is associated with the Libra astrological sign.

Archangel Jophiel helps to clear spaces and is known as the Feng Shui angel. Clearing your space(s) is a powerful freeing act and one the angels often recommend during readings.

In addition to her "housekeeping" talents, Jophiel is a master at helping us find and fully experience beauty, whether it is in our thoughts, our actions and/or our surroundings.

Jophiel is a wonderful angel to work with if you are wanting to have more positive experiences. You can ask Jophiel to "hold" old negative thoughts, patterns and/or doubts while you practice your new ways. Ask her to help direct your focus on what is pleasing, to notice and appreciate the beauty that surrounds you. You are what you think so when you are focusing on beauty, you are beautiful as well. You will attract good and even more to appreciate.

Incorporate Archangel Jophiel into your daily routine by inviting her each morning to work with you throughout the day keeping you and your spaces clear, bright and positive. You will be amazed by the clarity, energy and beauty you experience in many wonderful and unexpected Divine ways.

The Healing Power of Beauty

Are you in need of inspiration? How about an infusion of light and energy? Beauty supplies all the essential ingredients for motivation, love, peace and wellness. It resides within you and surrounds you. Have you noticed?

Beauty is a soul experience—not intellectual. It is meant to be experienced by all of your senses, yet sadly it is highly controlled by the human ego which loves to pass judgment. Human societies impose restrictions on what is considered to be beautiful and worthwhile.

Many have decided they are not beautiful based on others' opinions and criteria. More have decided they are not worthy. They are not thin enough, young enough, lack the financial resources to acquire beauty, or they are undeserving. Replacing your own values with another's depletes your soul and gives away your unique God-given power. It is a form of voluntary slavery.

Allow your senses and your soul to determine what is pleasing. Beauty is in the eye of the beholder is a sacred truth. As always, what you think about and what you believe, you live. When you make and hold the intention to have more beauty in your life, your awareness increases resulting in more and deeper experiences.

Allowing, appreciating and being empowered by beauty starts with intention, focus and action. Use the power of your automatic thought manifestor (ATM) (what the angels call your mind) with these affirmations:

- Beauty surrounds me and radiates from within me.
- I am aware of and appreciate the beauty around and inside me.
- I see beauty everywhere including within me.
- I am the physical manifestation of my creator's beauty.
- I slow my pace and allow beauty to elevate my soul.
- Beauty heals and ignites me. I am grateful for all my senses.
