November Specials—Angel Messages and Gifts

Redecorate With Archangel Jophiel

Have you ever experienced feeling energized, new and hopeful after re-arranging furniture or getting rid of stuff? Chances are you are highly sensitive to your environment and impacted by it in a multiple of ways.

Now is the perfect time to clear out clutter—unwanted items and old outdated behaviors. Archangel Jophiel, the angel of beauty, can be your coach in releasing the old and replacing it with new loving and supportive ways of living.

Known as the archangel of art and beauty, Jophiel's name means "beauty of God." She works with artists and creators of beauty, as well as all the appreciators of beauty.

Jophiel's color is a deep rose pink, and her associated crystals are rubellite or deep pink tourmaline. She is associated with the Libra astrological sign.

Archangel Jophiel helps to clear physical and non-physical spaces. She is known as the Feng Shui angel. Clearing your space(s) is a powerful freeing act and one that the angels often prescribe during readings.

In addition to her "housekeeping" talents, Jophiel is a master at helping us find beauty, whether in our thoughts, our actions and/or our surroundings. Beauty is truly in the eye of the beholder and it can be found everywhere.

Jophiel is a wonderful angel to work with if you want to have feel more positive. You can ask her to "hold" old negative thoughts, patterns and/or doubts" while you practice your new ways. Ask her to help direct your focus on what is pleasing and to increase your awareness of all the beauty that surrounds you. You are what you think so when you are focusing on beauty, you are beautiful as well. You will attract good and even more to appreciate.

Essential Soul Daily Practice #5--Gratitude

Imagine you began every day with two empty jars. Each time you express appreciation and thankfulness, a dollar goes into one jar. With every complaint, a dollar is deposited into the other jar. Which of your bottles would be full at the end of the day?

The angels say a fundamental law of the universe is you get what you focus on. Like attracts like. When we put our focus on gratitude, it is the biggest magnet to creating our desires. When the focus is on complaints of what's missing or wrong, we attract more of these experiences.

Starting each day in a state of gratitude sets your intention. Think of every single blessing in your life, and don't forget the basic items we take for granted. This includes clean water, our plumbing, and all of our creature comforts. End your day the same way—recall every incident that gave you joy, made your life easier and gave you a gift.

Mentally thank the gift and send it some love. This might be a vision of light; feel the enjoyment of giving and receiving the joyful rewards.

Make it your daily mission to be aware of all your blessings and to be grateful. Every time you find yourself expressing what you don't want, immediately cancel, clear and delete. Replace it with three blessings. Encourage loved ones to do the same. Gratitude is contagious!
