September Specials—Angel Messages and Gifts

Find Peace With the Angels of Abundance

Concerns over abundance have always existed. These thoughts are the source of tremendous turmoil, unrest and spirit-crushing worry. Just as there are human experts who specialize in areas of law and healthcare, the Divine too has specialists.

The Angels of Abundance stand ready to assist you in achieving inner peace and harmony for your earthly needs. As always, what is needed are your clear intentions, your request for help and allowing.

Beliefs in scarcity and lack, acquisition addictions, vows of poverty and punishment, as well as deep resentments over money are all common obstacles to achieving and maintaining financial peace and security.

Assessing your own beliefs, confirming they are accurate and support your intentions is the place to begin. Surrendering any hurtful and outdated beliefs in exchange for peace is always your choice. Calling on the Higher Power and/or the Angels of Abundance for help opens the door to Divine inspiration and freedom.

Follow guidance for new practices and opportunities to experience your financial goals. Know that you are worthy of these Divine helpers' attention and support. Practice receiving without scorekeeping or guilt; rather, focus on gratitude and appreciate the beauty of the gift. Give to others with gratitude, joy and love free from the cords of dysfunction and ego.

Beloved Wis-Bits From Dr. Wayne Dyer

Kelly first discovered the wisdom of Dr. Wayne Dyer at age 12. After rediscovering him in her 30s, he became one of her most influential teachers.

Known as the Father of Inspiration, Dr. Dyer reached millions with his messages of hope, healing and forgiveness. Like all the best teachers, he walked his talk and taught from personal experience.

After Wayne's father abandoned the family when he was very young, he grew up in an orphanage. These experiences led him to begin his career as an educational counselor and then a teacher. His early work focused on positive thinking. He took a giant leap of faith when he gave up his esteemed teaching position to devote himself to spreading his message of positive thinking beginning with his first book, "Your Erroneous Zones." This was just the beginning.

After decades of inspiring others through books, lectures and PBS programs, Dr. Dyer was diagnosed with leukemia in 2009. Using his spiritual practices and through his intention of restoring his body to perfect health, he was healed. After he left his body on August 30, 2015, the coroner's report confirmed there was no trace of leukemia. He had a heart attack while asleep. What a great way to transition back Home.

Here are a few favorite affirmations and bits of wisdom collected throughout the many years of following Dr. Dyer's teachings.

- When you change the way you look at things, the things you look at change.
- A journey of 1000 miles begins with the first step.
- I am an infinite being the age of my body has no bearing on what I do or who I am.

- My essential nature is perfect and flawless. It is to this nature that I return.
